

Controlled PAdES-LTA test document

This is a self-authored, non-production PromptBench signing fixture.

Its associated PKCS#12 credentials are disclosed, disposable test material only.

The final page contains the exact visible approval-signature placement.

Approval and validation

Sign only in the outlined box. Do not replace the source file.

Use the provided local test TSA, test root and CRL; network access is forbidden.

A large, empty rectangular box with a thin blue border, intended for a signature.

Required visible signature box: (72,72,300,150)
